

In general, how do you think the semester has proceeded?

COURSE 1: Sound Processing

How do you assess the course as a whole?

You may include things like coherence between teaching and learning objectives, syllabus, the forms of teaching used, planning, pedagogical communication, practical execution and exam.

How do you assess your own effort in the course?

You may include things like preparation, active participation in the teaching sessions, proposals for improvements of teaching and reading of the syllabus.

COURSE 2: New Interfaces for Musical Expression

How do you assess the course as a whole?

You may include things like coherence between teaching and learning objectives, syllabus, the forms of teaching used, planning, pedagogical communication, practical execution and exam.

How do you assess your own effort in the course?

You may include things like preparation, active participation in the teaching sessions, proposals for improvements of teaching and reading of the syllabus.

COURSE 3: Music Perception and Cognition

How do you assess the course as a whole?

You may include things like coherence between teaching and learning objectives, syllabus, the forms of teaching used, planning, pedagogical communication, practical execution and exam.

How do you assess your own effort in the course?

You may include things like preparation, active participation in the teaching sessions, proposals for improvements of teaching and reading of the syllabus.

PROJECT 1: Foundations of SMC

In general, how do you think the project has proceeded?

You may include things like alignment of content and learning objectives, project subject, project supervision, coherence with courses (from this or former semesters), exam etc.

How do you assess your own effort during the project?

You may include things like preparation, active participation in the group work, knowledge sharing, collaboration, etc.

Level of activity and motivation

During the semester: How many hours per week did you spend on preparation for and participation in the teaching, project writing, etc.?

Samlet status

Study board conclusions of the semester and teaching evaluation report

Year:	2021
Campus	Copenhagen
Semester	SMC7
Coordinator:	Stefania Serafin
Date:	April 2022

This document represents the public version of the evaluation of the semester. The document forms together with the semester and teaching evaluation report the basis of any adjustments to the semester's description, planning, execution and/or evaluation of the next iteration of the semester and are used by the coming semester coordinator and semester planning group.

The document also represents the study board's response to the students, teachers, coordinators and other interested parties about possible consequences of conditions that the students of the semester have pointed out.

The public conclusions and recommendations of the semester coordinator

Overall students had to learn to cope with so many classes, miniprojects and semesters project. It is a small generation, but nobody quit the education (13 students).

Action points:

- better supervision especially for those not used to work in projects
- more theory in the NIME class
- more attention to the level of the sound processing class, so it does not increase too much week by week

Conclusion of the study board

The Study Board (MSN) has processed the semester evaluation report and offers the following observations/conclusions:

- Student survey response rate: 10 out of 13
- The Study Board is keen to support reviewing how study plans are implemented at a regular basis, e.g., discussing feedback from the "frontline" in terms of what works, and what doesn't work in a particular education at a module to module level
