

# Civilingeniør i Materiale og nanoteknologi med special i nanomaterialer- og fysik 8. Semester uden kommentarer

Overall, how do you assess the past semester?

# Projekt

1. How do you think the content of the project as a whole has contributed to satisfy its learning goals?

2. How well do you think the project framework (group work, guidance, scale etc.) has contributed to satisfy the learning goals of the project?

### 3. How do you rate your own effort during the project phase as a whole?

### 4. How do you rate PBL as a method to solve new problems and handle the academic assignments in your study group?

# Optical Nanostructures and Materials

1. What is your overall assessment of the content of the course (curriculum and learning goals)?

2. How well do you think the teaching method has contributed to satisfy the learning goals of the course?

3. On average, how many hours have you spent on each lecture (this includes preparation, participation, assignment work etc.)

4. How much time have you spent on this course compared with the time you have spent on other educational activities in the semester?

# Computational Modeling for Physics and Engineering

1. What is your overall assessment of the content of the course (curriculum and learning goals)?

2. How well do you think the teaching method has contributed to satisfy the learning goals of the course?

3. On average, how many hours have you spent on each lecture (this includes preparation, participation, assignment work etc.)

4. How much time have you spent on this course compared with the time you have spent on other educational activities in the semester?

# Physics and Chemistry of Surfaces

1. What is your overall assessment of the content of the course (curriculum and learning goals)?

2. How well do you think the teaching method has contributed to satisfy the learning goals of the course?

3. On average, how many hours have you spent on each lecture (this includes preparation, participation, assignment work etc.)
