AALBORG UNIVERSITET

EVALUATION OF THE STUDY START

AUTUMN SEMESTER 2022

The Study Secretariat, AAU Energy

June 2022

1. Introduction and description of follow-up

1.1 Contents of the report

This report contains the quantitative data from the evaluation of study start on the master's programmes for the students who have been admitted from another institution than AAU in the autumn semester 2022. The qualitative data has been processed internally and in confidentiality by the Study Board for Energy and the BEEM Study Board respectively.

1.2 Follow-up on the results

The survey's response rate reached 64 % in total for the semester evaluation. Below is a description of the main issues the two study boards have decided to act on and how.

1.2.1 The Study Board for Energy

The results of the evaluation show that the students are overall very satisfied with their study start with a good introduction to the study programmes, student life at AAU and they feel well-integrated in the social study environment. However, there was one critical comment regarding the group formation and choice of project which the student felt was too hastened. This challenge should be solved with the study board's new principles for group formation where the students will be distributed in the groups by the study administration.

1.2.2 The BEEM Study Board

Only two students have answered the questionnaire regarding the study start but it is only a small number of students who have joined the programmes from outside AAU. These two students rate their study start very favourably across all the 9 questions.

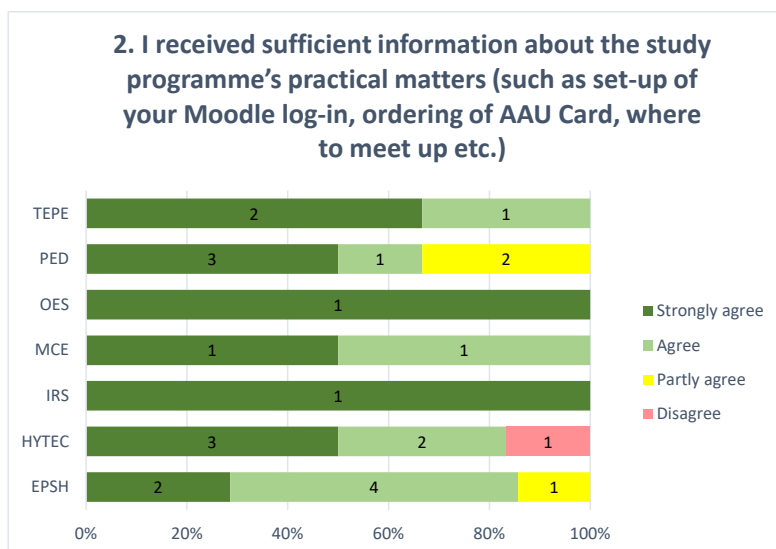

3. Study start on the master's programmes

2.1 I received sufficient information before the study start about the study programme's content and planning (such as course curriculum, schedule, semester descriptions etc.)

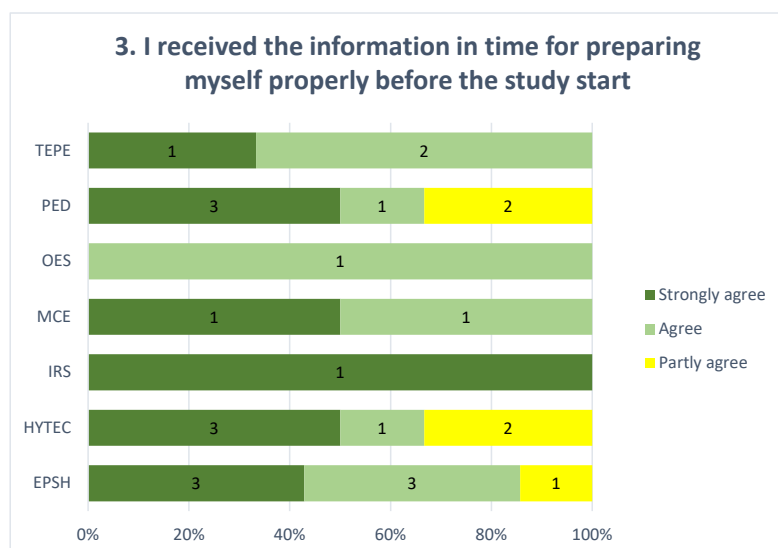

2.2 I received sufficient information about the study programme's practical matters (such as set-up of your Moodle log-in, ordering of AAU Card, where to meet up etc.)

2.3 I received the information in time for preparing myself properly before the study start

2.4 I have gained insight into the academic content of the study programme (the courses, the teaching, project work etc.)

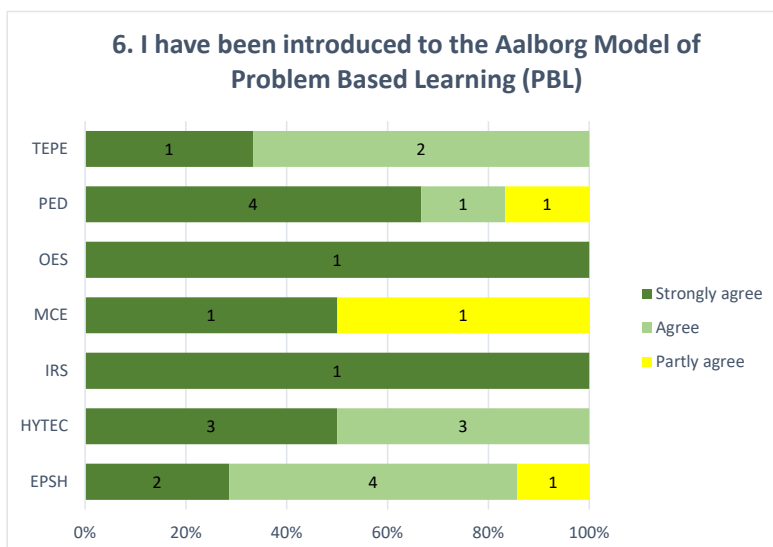

2.5 I have been introduced to the study intensity at AAU and the work effort that is expected of me as a student

2.6 I have been introduced to the Aalborg Model of Problem Based Learning (PBL)

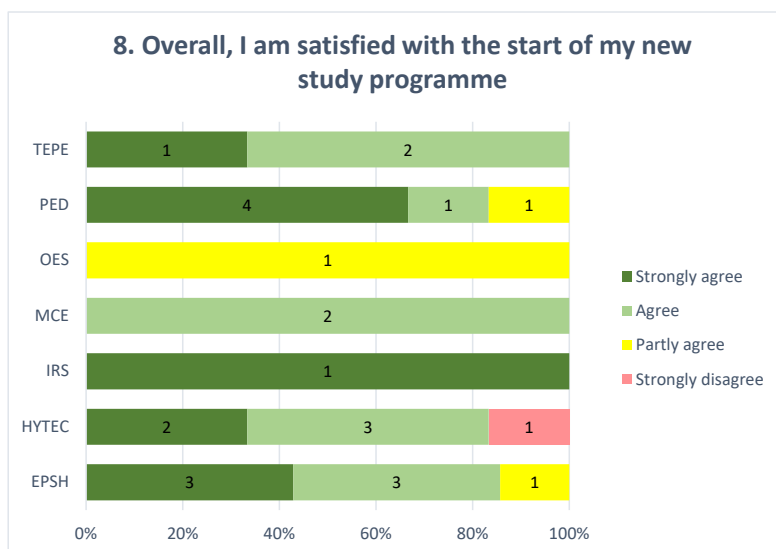

2.7 I feel comfortable with my fellow students and have settled in well socially

2.8 Overall, I am satisfied with the start of my new study programme

2.9 I feel that I have chosen the right study programme for me
