 Staring at the screen until my retinas burn
 Every pixel feeding me what others think I should learn
 Algorithm teaching me how others live their life
 While I'm reaching through a void trying to get mine right
 They say follow your passion, but passion follows pay
 And happiness is trending but it trends a different way
 Every morning mirror shows a stranger in my place
 Getting better benefits but feeling more displaced
 Typed "what is purpose" in the search bar after dark
 Got ten million results but can't find where to start
 Self-help books stacking up like
