

### Study board conclusions of the semester and teaching evaluation report

Year:	2023
Campus	Copenhagen
Semester	MED9C
Coordinator:	Luis Emilio Bruni
Date:	Handled at SB meeting April 3 <sup>rd</sup> , 2024

This document represents the public version of the evaluation of the semester. The document forms together with the semester and teaching evaluation report the basis of any adjustments to the semester's description, planning, execution and/or evaluation of the next iteration of the semester and are used by the coming semester coordinator and semester planning group.

The document also represents the study board's response to the students, teachers, coordinators and other interested parties about possible consequences of conditions that the students of the semester have pointed out.

### The public conclusions and recommendations of the semester coordinator

In general, the semester worked well, and all students managed to get their plans fulfilled and were generally satisfied in the 3 modalities that were implemented namely: POSEO in companies, POSEO in CREATE labs, and DADIU. These was the first edition with the new study program in which there were no courses programmed for Med 9.

Several detailed information meetings were held, and information posted online during the previous semester, and this resulted in many students having approved plans before semester start. We and the students are getting used to the new digital platform for POSEO approval, so the workflow was more fluid than last year. However, there are still some impractical functionalities of the system that make hard to maintain an overview of the approval process.

As last year, POSEO remains the preferred option (17 students), followed by DADIU (7 students) and POSEO in CREATE labs (3 students). POSEO in CREATE labs keeps being a very productive and satisfying experience both for the students and the staff involved.

Our new employability ambassador arrived in too short notice to be able to include career development elements during the semester as we had successfully implemented in the previous years (e.g., workshops, mid-terms). But with our new Employability Ambassador and the new career development staff at AAU-Sydhavn, we are intensively rebuilding these activities again.

### Conclusion of the study board

The Study Board (MSN) has processed the semester evaluation report and offers the following observations/conclusions:

- 4 out of 28 respondents. Much too low.
- The balance between POSEO and DADIU was fine. DADIU is going through some challenges right now with low number of students.
- It seems that the evaluation of the DADIU students was poor and will be better in the future.

## MSc03 MEDC A

MSc03 MEDC A (project) - Project-Oriented Study in an External Organisation - I have received the expected benefit from the module

MSc03 MEDC A (project) - Project-Oriented Study in an External Organisation - The chosen problem has been a good foundation for unfolding my professional ambitions

MSc03 MEDC A (project) - Project-Oriented Study in an External Organisation - The cooperation in the project group has worked well

**MSc03 MEDC A (project) - Project-Oriented Study in an External Organisation - The courses have supported the project work**

**MSc03 MEDC A (project) - Project-Oriented Study in an External Organisation - I received the expected supervision**

**MSc03 MEDC B (project) - DADIU Game Production - I have received the expected benefit from the module**

**MSc03 MEDC B (project) - DADIU Game Production - The chosen problem has been a good foundation for unfolding my professional ambitions**

MSc03 MEDC B (project) - DADIU Game Production - The cooperation in the project group has worked well

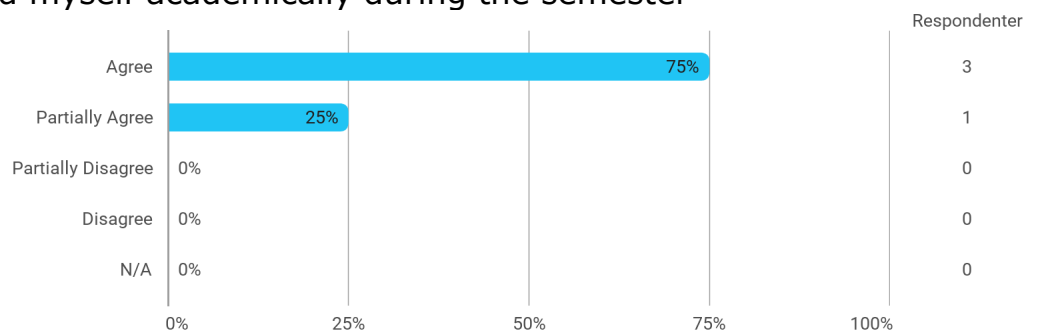

MSc03 MEDC B (project) - DADIU Game Production - The courses have supported the project work

MSc03 MEDC B (project) - DADIU Game Production - I received the expected supervision

I have developed myself academically during the semester

The following activities have developed me academically during the semester:  
 - Project work

The following activities have developed me academically during the semester:  
 - Academic discussions with fellow students

The following activities have developed me academically during the semester:  
 - Academic discussions with teachers

The following activities have developed me academically during the semester:  
 - Practical exercises and experiments

:

When I reflect on my own efforts, I have: - Been active in lectures

When I reflect on my own efforts, I have: - Participated actively in the project group work

When I reflect on my own efforts, I have: - Prepared myself ahead of class

When I reflect on my own efforts, I have: - Prepared myself prior to the project group work

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My professional skills

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to identify and formulate problems

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to attack and process problems

I experience the problem-based and project-oriented form of teaching as conducive to the development of: - My ability to organize a longer work process and "reach the goal" on time

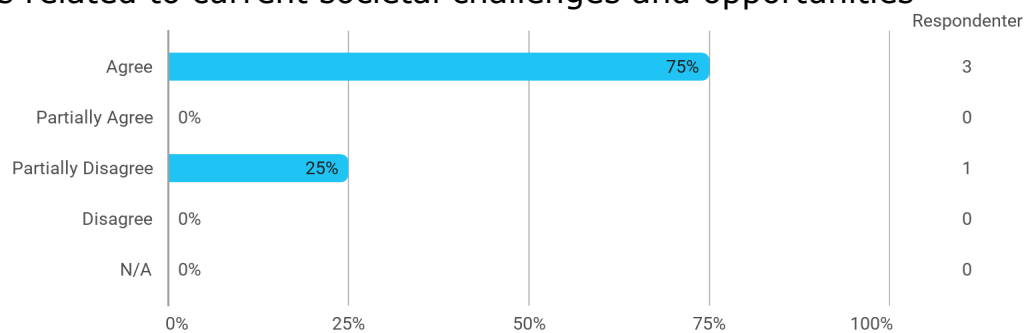

The following questions pertain to the semester as a whole: - I have received sufficient practical information about the semester's activities

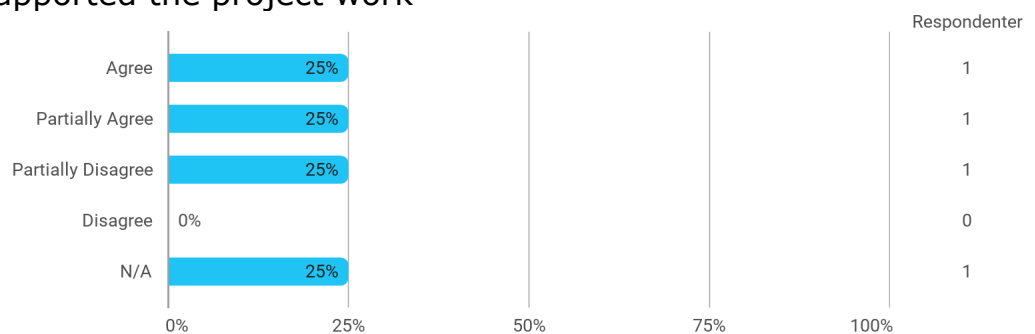

The following questions pertain to the semester as a whole: - I feel that the semester has given me the opportunity to engage in current issues relevant to external partners

The following questions pertain to the semester as a whole: - I feel that I have addressed issues related to current societal challenges and opportunities

The following questions pertain to the semester as a whole: - I feel that the modules have supported the project work
